

# Night Knights

By The Dream Team

# The Team:

- Ethan Busbee
- Anthony Cloudy
- Cameron Keith
- Justin Konersmann
- Will Spurgin

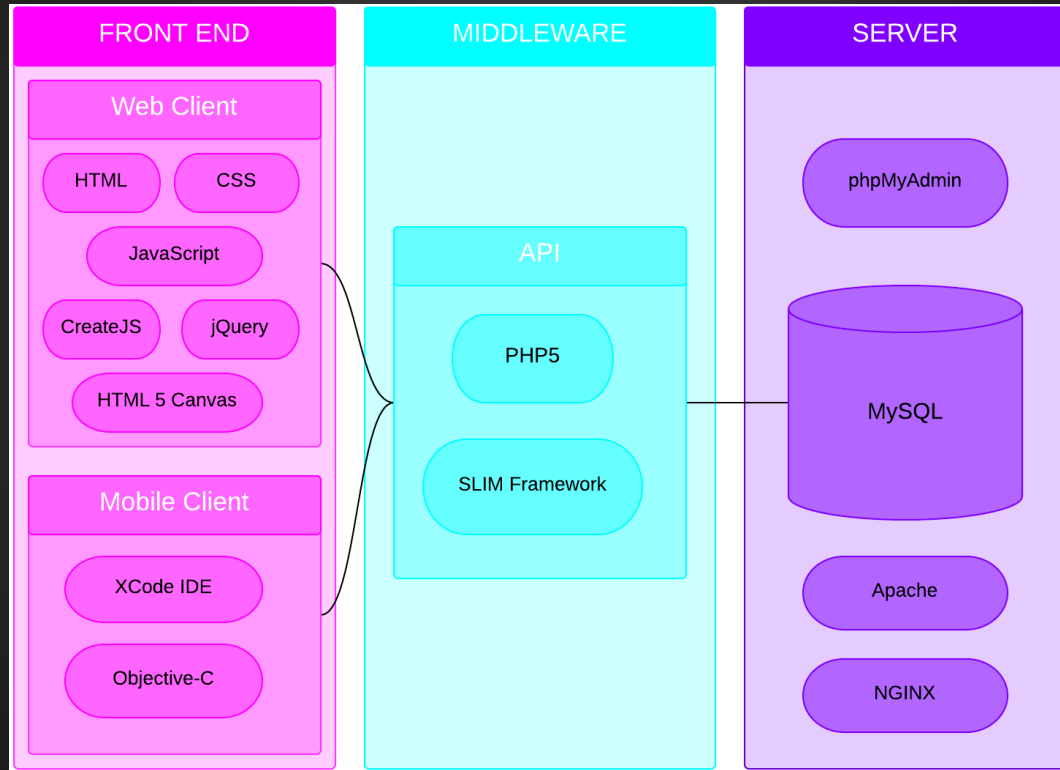

# Night Knights

- Alarm Clock Mobile App
- Video Game Website
- Work in tandem to encourage good sleep habits

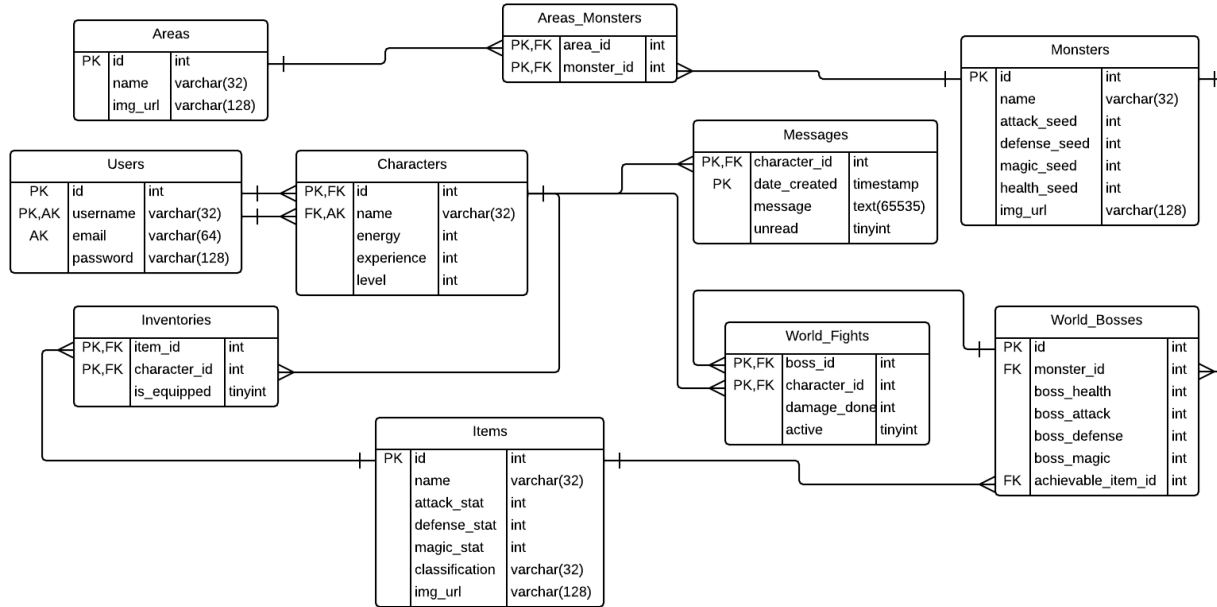

# General Use Case

- User sets the alarm before bed
- User wakes up to alarm and earns energy
- User logs into website and plays the game using the newly earned energy

# Software Architecture Diagram

# Database Model

# Implementation Decisions

- iOS for the Mobile Application
- CreateJS for the Game
- Object Oriented Back End

# Night Knights Demonstration

# Night Knights 2.0

- More weapons and items for the game
- Additional cheat prevention
- Better offline mode and music support for the app

**Thank you for your time!**
